Optional Practical Training

Overview

→ Go back to ‘Outline’
What is Optional Practical Training (OPT)?

- **Purpose**: Optional Practical Training (OPT) is a temporary employment authorization for International students in F-1 Student visa status. OPT provides an opportunity for students to apply the knowledge acquired from their academic program to a work experience directly related to their current major field of study.

- **Length**: 12 months at each higher education level. You may become eligible for another 12 months of OPT when you move to a higher education level in the US. Simply beginning another degree program does not automatically confer this eligibility.

- **Jobs**: While on OPT, students’ jobs must be directly related to their current major(s), not minor.

- **How to obtain OPT**: Students must request OPT recommendation from the Office of International Programs (OIP). It takes OIP 10 business days to issue a new I-20 with the requested OPT start and end date. Students must apply for OPT by mailing this new I-20 with other supporting documentation to the United States Citizenship and Immigration Services (USCIS). The filing fee for OPT is currently $410. USCIS’ processing time for each OPT application is 90 days/3 months.

If approved, USCIS will issue an “Employment Authorization Document”, or EAD card to students.
Types of OPT

You can apply for OPT during your program of study, which is known as Pre-Completion OPT, or after you finish your program of study, known as Post-Completion OPT. You also must clearly indicate if you wish to apply for part-time or full-time authorization. Part-time authorization will allow you to work 20 hours or less per week, and full-time authorization will allow you to work for more than 20 hours per week.

Pre-Completion OPT (Work permission before program completion date):

- Vacation OPT (part-time or full-time): Takes place during summer or winter vacation.

- While School-in-Session OPT (part-time only): Takes place during Spring or Fall semester while you are studying full-time.
Types of OPT

Post-Completion OPT (Work permission after program completion date). Full-time only

- Take place within 60 days of the day you completed your program.
- Although you are working full-time without attending school at all, you are still considered in F-1 Student status. You must comply with the F-1 regulations and fulfill your reporting responsibilities while on Post-Completion OPT.
- Graduate students can apply for full-time Thesis OPT. Thesis OPT takes place while you are working on the culminating experience. You must have completed all of your course requirements except for the culminating experience.

Periods of OPT used before the completion of studies will be deducted from the total 12 month period available. If you apply for a period of Pre-Completion OPT and you then still have part of your 12 month total remaining, you must submit application and application fee again in order to apply for Post-Completion OPT.

- Two months of part-time OPT = One month of full-time OPT.
- Example: If you have been approved for 4 months of part-time While-School-in-Session OPT, you will have 10 month of full-time OPT remains.
Types of Employment

As we mentioned in the “What is Optional Practical Training (OPT)?” section, your job under OPT must be directly related to your current major(s), not minor. If the relationship between the job and your field of study is called into question by USCIS in the future, the burden of proof is on you to demonstrate that relationship.

The types of employment allowed during the OPT include:

- **Paid employment.** Students may work part time (at least 20 hours per week when on post-completion OPT) or full time in a job related to their field of study.

- **Multiple employers.** Students may work for more than one employer, but all employment must be related to the student's degree program.

- **Short-term multiple employers (performing artists).** Students, such as musicians and other performing artists may work for multiple short term employers (gigs). The student should maintain a list of all gigs, the dates and duration. If requested by USCIS, students must be prepared to provide evidence showing a list of all gigs.

- **Work for hire.** This is also commonly referred to as 1099 employment where an individual performs a service based on a contractual relationship rather than employment relationship. If requested by USCIS, students must be prepared to provide evidence showing the duration of the contract periods and the name and address of the contracting company.
Types of Employment

- **Self-employed business owner.** Students on OPT may start a business and be self-employed. In this situation, the student must work full-time. The student must be able to prove that he or she has the proper business licenses and is actively engaged in a business related to the student’s degree program.

- **Employment through an agency.** Students on Post-Completion OPT must be able to provide evidence showing they worked an average of at least 20 hours per week while employed by the agency.

**Unpaid employment**

Students may work as volunteers or unpaid interns, where this does not violate any labor laws. The work must be at least 20 hours per week for students on Post-completion OPT. These students must be able to provide evidence from the employer that the student worked at least 20 hours per week during the period of employment.

It is recommended that you maintain evidence for each job: the position held, duration of that position, the job title, contact information for the student’s supervisor or manager, and a description of the work. You must always report employment by completing the “OPT Reporting Form” at [http://oip.sfsu.edu/optreporting](http://oip.sfsu.edu/optreporting).

“During Post-Completion OPT, F-1 status is dependent upon employment. Students may not accrue an aggregate of more than 90 days of unemployment during any post-completion OPT carried out under the initial Post-Completion OPT authorization.”

You must work at least 20 hours per week in a qualifying position to be considered “Employed”. If you have a variable schedule, within a month, it should average out to at least 20 hours per week.
90-Day Unemployment Limit
For Post-Completion OPT Only

To avoid violating F-1 status, prior to reaching the 90-day unemployment limit, a student should take one of the following actions:

- Apply to continue his or her education by a change of level or transferring to another SEVP-certified school
- Depart the United States
- Take action to otherwise maintain legal status

If one of those actions is not taken, a student who has exceeded the period of unemployment is considered violated his or her status. The student must depart the US immediately as there is no grace period will allow the student to legally remain in the US once the he or she has reached the 90-day unemployment limit!

What happens if you do not report your employment to OIP via http://oip.sfsu.edu/optreporting?

- Your SEVIS record and I-20 will be terminated automatically by SEVIS after 90 days
- Your F-1 status and OPT authorization will end as soon as your SEVIS record is terminated
Apply for OPT
Eligibility

You must meet the following criteria in order to be eligible to apply for OPT:

- **Be in valid F-1 status**

- **Enrolled full-time.** Minimum 12 units for undergraduate students or 8 units for graduate students. You are also eligible to apply for OPT if you have approved Reduced Course Load (RCL).

- **Fulfilled one year full-time requirement.** You must have been enrolled full-time for at least one full academic year prior to submitting an OPT application. One year enrollment may be fulfilled at SF State, a previous university, or between multiple universities.

- **Be in good academic standing.** Defined as a minimum G.P.A. of 2.0 (Undergraduate students) or 3.0 (Graduate students).

- You are physically maintaining F1 status and attending classes in the US. No studying abroad or taking online classes in your final semester at SF State.

- You have not completed more than 364 days of full-time Curricular Practical Training (CPT).

- You have not already been approved for 12 months of OPT at the current degree level.

- Job offer is not required.
Program Completion Date

The timing to apply for OPT is determined by your program completion date. The program completion date is NOT the date your graduation application is approved nor the date SF State grant your degree.

For OPT application purpose, the program completion date is the date Grades Available on SF State Gateway. See Registrar’s website for this date.

OIP will change the program end date on your I-20, and print a new I-20 with OPT recommendation to you. You cannot work on-campus beyond your program end date on the I-20.
Determine Your OPT start and end date

**Pre-Completion OPT:** You can pick any date to start OPT as long as you are eligible. Pre-Completion OPT must end on or before the program completion date.

**Post-Completion OPT:** Your requested start date must be within your 60 grace period after the program completion date. For example, if your program completion date is December 18, 2015, the earliest date you can request your OPT to start is December 19, 2015 and the last date is February 16, 2016. Post-Completion OPT will end 12 months (if you did not use any OPT time during your study) from the start date, or within 14 months of the program completion date.

As we mentioned in the OPT overview section, you will need to obtain an I-20 with OPT recommendation from OIP, then send the new I-20 and OPT application to USCIS. Please note it takes up to **10 business days** for OIP to issue you an I-20 with OPT recommendation, an at least **90 days/3 months** for USCIS to process your application and mail the EAD to you. **Plan ahead to avoid unnecessary stress!**

**Once USCIS receives your OPT application, it is not possible to change the requested OPT start and end dates.**
Your I-20 with OPT Recommendation

Once OIP determine you are eligible to apply for OPT, we will issue a new I-20 with your requested OPT start and end date.

If you are completing your program and are applying for Post-Completion OPT, we will also change the Program End Date of your I-20 to your program completion date. This means:

- Only apply for Post-Completion OPT if you are 100% sure that you graduating. Once the Program End Date on the I-20 has been changed you are expected to complete your program before this date. You cannot request I-20 extension once the Program End Date has passed.
- If you requested an I-20 with OPT recommendation and later found out you cannot complete your program on time, you must contact OIP immediately!
- You will still be using this I-20 for travel while you are on Post-Completion OPT even though the Program End Date has passed already.
When to Apply for Pre-Completion OPT

For Pre-Completion OPT, we recommend you to submit your application to USCIS at least 90 days before your requested OPT start date:

- Prepare your OPT application
- Apply 90 days before OPT start date
- OPT start date

One year of full-time requirement must meet Program completion date

Period allowed for Pre-Completion OPT
When to Apply for Post-Completion OPT

For Post-Completion OPT, we recommend you to submit your application to USCIS up to 90 days before your program completion date. You may also submit application during the 60-day grace period after the program completion date.

You must be physically in the US while applying for OPT. If you leave the US during the 60-day grace period without submitting the OPT application to USCIS, you lose your opportunity to apply for OPT.
When to Apply for Post-Completion OPT

For Post-Completion OPT, we recommend you to submit your application to USCIS up to 90 days before your program completion date:

1. **Prepare your OPT application**
2. **Apply 90 days before program completion date**
3. **OPT start date must be within 60 days of the program completion date**
4. **One year of full-time requirement meet**
5. **Program completion date**
6. **OPT will end 12 months from the start date, or within 14 months of the program completion date**
Typical Scenarios for Post-Completion OPT

**Scenario 1:**

**Student with a job offer submits OPT application early**

On February 18, John mails his application for Post-Completion OPT to USCIS. He is completing his program on May 18 and chooses June 15 as the OPT start date because he has a job offer beginning that day.

He receives the EAD on May 1. His employer is pleased to see proof of the work permission early even though he cannot start working until June 15, as noted on the EAD.

John decides to go home for one month to celebrate his program completion.
Typical Scenarios for Post-Completion OPT

Scenario 2:

Student with no job offer submits his OPT application rather late

John doesn’t have a job offer or time to search for one until after he finishes school. He chooses the latest date possible to start his Post-Completion OPT -- July 17 -- which is the 60th day after his program completion date: May 18. He knows that he will be legal to stay in the US as long as he has submitted the OPT application on time. John finally mails his OPT application on June 15.

On July 17, John still hasn’t received his EAD, so he can’t work. He receives his EAD on September 15 and it expires the following year on July 16 (14 months from May 18).

John has lost 13 days of his 12 month OPT because his application was approved after the latest available OPT start date.
Deadlines

USCIS takes deadline very, very seriously. Any applications received after the deadline will be denied without the possibility for appeal.

- Deadline will be posted on the website. Please do not wait until the last minute.
- USCIS must receive your application within 60 days after your program completion date.
- USCIS must receive your application no later than 30 days after your I-20 with OPT recommendation issue date – this means you should mail your application to USCIS quickly!
- Once your submit your OPT application to the USCIS, the OPT dates cannot be changed. Please be thoughtful when choosing the dates. If you wish to withdraw your OPT application please contact OIP. The application fee will not be refunded to you.

STEP 2: Mail Your OPT Application

If your address is **IN** California, mail the above documents to:

<table>
<thead>
<tr>
<th>For U.S. Postal Service:</th>
<th>Private Courier (FedEx, DHL or UPS)</th>
</tr>
</thead>
<tbody>
<tr>
<td>USCIS, PO Box 21281</td>
<td>USCIS, Attn: AOS</td>
</tr>
<tr>
<td>Phoenix, AZ 85036</td>
<td>1820 E. Skyharbor Circle S, Suite 100</td>
</tr>
<tr>
<td>(OIP recommends that you send your application by <strong>Priority Mail</strong> - additional fee will apply)</td>
<td>Phoenix, AZ 85034</td>
</tr>
</tbody>
</table>

If your address is **OUTSIDE** California, visit [http://www.uscis.gov/i-765-addresses](http://www.uscis.gov/i-765-addresses) for the appropriate USCIS lockbox to send your OPT application.

**NOTE:** USCIS must receive your application no later than 30 days after your I-20 with OPT recommendation issue date – this means you should mail your application to USCIS quickly!
A “OPT Application Mailing Instructions” will be placed on top of your OPT materials.

Read the instructions carefully.

Make sure your I-765 and photocopies of your new I-20 are SIGNED before you mail your application fee and OPT application to USCIS.
Follow Up and Approval
Application Sent! What Now?

- As long as USCIS has received your application no later than 30 days after the OPT I-20 has been issued, your F-1 student status remains valid while you are waiting for the approval even if there is a gap between your completion date and the start date of the OPT. During this “gap,” you can remain in the US or travel abroad and re-enter in F-1 status.

- USCIS will mail Form I-797C Notice of Action to you after they received your OPT application. This is the proof that your application is being processed and your application fee has been received by USCIS. You will need it to inquire about the status of your OPT application and for travel outside the US.

- Your receipt number (usually starts from “WAC” or “YSC”) is printed on this I-797C. You can check the status of your OPT application by entering your receipt number under “Check your case status” at [http://www.uscis.gov/](http://www.uscis.gov/).

- **The Received Date on the Notice of Action**: This is the date when the USCIS begins processing your application. It may not be the actual date they received your application but it is when your case was entered into the system.

- **The Notice Date on the Notice of Action**: This is the date the Notice of Action is issued.

- If you do not get your Notice of Action within 6 weeks after mailing your application, call USCIS National Customer Service Center at 1-800-375-5283.
If there is a problem with your application, USCIS will send you a notice by mail called the “Request for Evidence (RFE).” In most cases, the USCIS will not call you at the telephone number you put on the Form I-765.

We strongly advise you to contact a F1 adviser at OIP if you receive an RFE. An RFE does not mean that your application has been rejected. It simply means that you need to provide the missing documents before your EAD can be issued.

USCIS give applicant 30 days to respond to RFE. Your OPT application will be denied if you fail to provide missing documents within 30 days of RFE issue date.

Getting an RFE will delay the processing of your OPT application usually by 4 weeks. For this reason, you should read the “OPT application mailing instructions” when you pick up the OPT materials at OIP, and send the COMPLETED application package to USCIS.

The standard processing time for OPT application is 90 days/3 months

Spring/Summer tends to be peak period
Employment Authorization Document (EAD)

USCIS will send you an Employment Authorization Document (EAD) upon approval.

If you receive the EAD before your start date has arrived, you cannot work until the start date noted on the EAD. You cannot start working until you have received the EAD and your start date is current.

If you do not receive your EAD within 90 days of your “Received Date” on Form I-797C Notice of Action, call USCIS National Customer Service Center at 1-800-375-5283.
Maintaining F-1 Status While on Post-Completion OPT
Maintaining F-1 Status
For Post-Completion OPT Only

Although you are not attending school and working part-time or full-time, you are still in F-1 status while you are on Post-Completion OPT. You are required to maintain your F-1 status in order to legally working in the US.

To maintain F-1 status you must:

- Stay employed. You must work at least 20 hours per week to be considered maintaining F-1 status. Your employment under OPT must directly related to your current major(s), not minor.

- Report your address change at SF State Student Center. OIP will report your address change to US Immigration.

- Request travel signature on the 2nd page of your I-20 before you leave the US. If you are working fulltime and can not submit your travel signature in person, please mail the “F1 Document Request Form” with your most current I-20 to OIP. We will process your request and mail the I-20 back to you. You will also need a valid F-1 visa stamp in your passport in order to return to the US. Your travel signature can not be more than 6 months old. See the following “Travel Outside the United States” section for details.
Maintaining F-1 Status
For Post-Completion OPT Only

➢ Report your employment information by completing the “Post-Completion OPT Employment Reporting Form” at http://oip.sfsu.edu/optreporting:

  o Complete the form and upload an image of your EAD
  o You can have multiple employments. The form will allow you to provide up to two employment information. If you have more than two employment or have various gigs, write the additional information in the “Comments” area
  o If you changed job please complete the form again

➢ You are not required to provide your salary information nor employment contract to OIP

➢ Report your employment as soon as you found a job – if you do not report your employment or forgot to do so, your SEVIS record will be terminated in 90 days!
Maintaining F-1 Status
For Post-Completion OPT Only

- You can only take recreational/avocational classes (Yoga or Wine tasting classes…etc) while on Post-Completion OPT. You cannot enroll in any academic degree nor certificate programs while on Post-Completion OPT. If you plan to obtain a higher degree and your academic program will start before your OPT end date, you must request your SEVIS record to be transferred to your new school. Your OPT will end on the date SF State transfer your SEVIS record out.

- You will have 60-day grace period after your OPT end date. You must leave the US or transfer to another school to continue your F-1 status within the grace period.
Other Things to Know
For Post-Completion OPT Only

- You should have health insurance while you are in the US. If your employer does not provide health benefits, or you are in the process of looking for jobs, please make sure you still have insurance coverage. You may purchase the CSU-Sponsored Health Insurance plan while you are on OPT or find other insurance plan for yourself.

To purchase SF State sponsored health insurance, visit OIP's Health Insurance Requirements.

- You can apply for a Social Security Number (SSN) after you receive your EAD and your OPT has started. See SSN information at OIP’s website: http://oip.sfsu.edu/f1/current/ssn.

- When OIP issues the I-20 for your OPT application, the DSO will sign the 2nd page. This means it will not be necessary for you to request a travel signature if you are planning to travel soon after you applied for OPT. However, each signature is good for 6 months. You should request another signature if you are travelling outside the U.S. towards the end of your OPT.

- Don’t leave the US for long periods of time during the OPT year. A few weeks of vacation is reasonable, but if you are gone for several months, you may encounter difficulty in re-entering. Remember, unemployment is limited to 90 days.

- Be careful about trying to re-enter the US close to the expiration date of your OPT. You may not be allowed to re-enter as an F-1.

- Students who need to apply for a new visa should consult OIP prior to travel to discuss the visa application process and possible risks.

- Don’t attempt to re-enter the US in a status other than F-1 unless you are willing to give up your OPT permanently.

- Be prepared to tell the US immigration officer at the US port of entry about your plans while on OPT. They may want to know what have you done to find a job? What kind of job do you plan to look for? What will you do after the OPT is expired? How will you support yourself while you are job-seeking?

Travel after Program Completion, But Before EAD is received

- There is a higher risk associated with travel and return while your OPT is pending after the program completion date. If there are any problems with your application, you may not be able to respond to USCIS in a timely manner, which could delay processing of your EAD.

- If your OPT application is denied while outside the US, you will not be able to re-enter the US in F-1 status and will not be able to reapply for OPT.
This is the end of the workshop.

Good luck and we wish you all the best!
